Great Rock Capital is an asset-focused lender that supports transitioning middle market companies in North America by providing liquidity and growth capital through a variety of secured lending products.

Great Rock Capital offers full solution financings that maximize liquidity, and we excel at customizing flexible term-only structures that utilize a full range of assets not considered by either traditional or non-traditional lenders.

Deal Size:

- Ability to finance \$5 to \$100 million with no minimum EBITDA requirement

Industry Focus:

Industry agnostic with emphasis on Commercial & Industrial, Manufacturing, Metals, Consumer, Transportation, Healthcare, Energy, and Technology

Unique Niche:

Contract or spot factoring including progress or milestone billing for construction companies (general and subcontractors). Pay when paid terms are acceptable. Volume pricing for large contracts. Turnaround and DIP Financing
